Civil Defense Director Talks To Rotary

Guest speaker at the Elba Rotary Club Monday was Mr. Hooker Amos, Coffee County Civil Defense director. He spoke to the group on the aims

of the Civil Defense program, and showed a movie on natural disasters. In charge of the program was Mr. Jim Nichols, administrator of the Elba General Hospital.

CITIZEN BAND CLUB WILL MEET TONIGHT

The newly-organized Coffee County CB Club (citizen band) recently elected officers. Clifford Farmer will serve as president, Comer Ray Henderson, vice president, Margie Kelley, secretary, J. D. Kendrick, treasurer, Jake Russell, master at arms, and B. O. Smith, assistant master at arms.

Serving on the Board of Directors are H. C. Smith, William Leggett, Mary Jane Sizemore, and James Everhart. The club will meet Thursday night (tonight) at the city recreation center. The meeting is set for 7 p.m. and all members and others interested in the club are invited to attend.

Weldon Named To Elba Bands

Scott Weldon, a graduate of the University of Alabama, is the new assistant band director of the Elba bands. Scott taught band at Hawkinsville, Georgia, last year. He hails from Auburn, Alabama. He played trumpet in Alabama's Million Dollar Band. Scott is not married.

Ladies From "Gay Paree" Visit

Recent visitors to Elba include this group of ladies from France. The Damon ladies came to Elba with Mrs. Damon's sister-in-law, wife of J.D. (Buddy) Whitman of Mobile. They are from left: Patricia, age 9; Beatrice, age 18; Chantal, age 16; Madam Pierre Damon and Veronique, also 16 and twin sister to Chantal. The family resides in Paris, France, and spent a full month in the United States. Two weeks of the visit were spent with Mr. and Mrs. Whitman and then the party flew to the West Coast where they spent another two weeks touring the country in a motor home with their husband and father, who joined them for the last part of the month-long vacation. While in Elba for a week-end, the younger members of the group rode horses, motor-cycles and went fishing. All members of the family except nine-year-old Patricia speak very good English; however, the language barrier apparently didn't bother. Patricia seemed to get along fine without English. This fall the four younger girls will return to Paris where they will continue their education. Beatrice is a student at the University of Paris studying economics. The twins are in what is the equivalent to American high school, and Patricia is in elementary school.

County Employees Get 8.33 % Pay Raise

A change in the pay time for county highway department employees will get all of them an 8.33 % increase in salary beginning about October 1st. The County Commissioners voted Monday to change from a twice monthly pay to every two weeks, with all employees receiving the same in the two week pay as presently being received in the twice monthly system used for many years. This will result in each employee getting two extra pay checks during a twelve month period.

Eugene Jacobs, who served as Active Engineer before the arrival of Bernard Richburg from the State Highway Department, was given a special raise of \$50 per pay period. He was singled out by the commissioners for his 28 years of service, after the new engineer had recommended both he and N.L. Harvison be given pay raises.

Three of the commissioners, Flournoy Whitman, Byrd Galloway and Albert Dyess, voted for giving Jacobs a raise while Hennie Beckham and O.V. Waters voted against the measure. Commissioner Don Smith was not present for the afternoon session of the meeting. Waters said he was not in favor of giving any raises unless every person was given a raise.

The vote on changing the pay method and giving the 8.33 % raise was passed unanimously.

Again the commissioners heard complaints about rural roads needing work. Several people appeared and asked for relief. Commissioner Flournoy Whitman complained to Richburg that roads in District Three (Elba, Kinston, areas) were in terrible shape. He said that historically before school started all the bad roads had been reworked and the hills sand. He said that this year none of this had been done and one road on a bus route had been closed for several weeks.

Richburg said he didn't know where the district lines were and was trying to do the work on a county-wide basis but that he would look into the matter. Richburg also noted that pulling equipment off the roads to do work at

the commissioners voted to notify the Alabama Historical Society that Coffee County would be given a \$20,000 grant for repairs on the Elba Courthouse. It was a 50-50 matching grant. The reasons stated were that the county had agreed to maintain the building for thirty years if the grant was accepted.

Plans Moving Forward For Cornelia Day

All signals are "go" as plans for the September 12 Cornelia Wallace Day move forward. Mrs. Wallace, an Elba native, will be honored on that day with a full day of activities beginning at 10:30 a.m. She will be accompanied to Elba by her husband, Governor George Wallace and her mother, Mrs. Ruby Folsom Austin. The honored party is expected to be in Elba for the entire day's activities, including the annual gridiron clash between Elba and Laverne at 7:30 that evening.

Current plans call for the honoree to speak on the square shortly after arriving in Elba by air, then to unveil a sign remaining East Davis Street, Cornelia Wallace Drive, attend a barbecue dinner at the National Guard armory (public invited), a tea at the school (again public invited), a special dinner for her relatives and city officials, and the football game.

Mayor Sam Sawyer is in charge of the day's events and is also a member of the committee taking donations to finance the activities. Mr. Prude Crook is acting as treasurer for the donated funds. Each facet of the day's activities has been assigned to a committee and with each committee reporting to Mayor Sawyer.

COUNTY BOARD ANNOUNCES FREE LUNCH PROGRAM

Coffee County Board of Education has announced a free meal, free milk and reduced price meal policy for school children unable to pay the full price of meals served in schools under the National School Lunch, School Breakfast and Special Milk Programs.

Local school officials have adopted the following family-size income criteria for use in determining eligibility: Family - Free Meals & Reduced - Free Milk - reduced price meals

1 - \$0-3,230	- \$3,231-4,520
2 - 0-4,240	- 4,241-5,530
3 - 0-5,250	- 5,251-7,350
4 - 0-6,260	- 6,261-8,770
5 - 0-7,190	- 7,191-10,060
6 - 0-8,110	- 8,111-11,360
7 - 0-8,950	- 8,951-12,530
8 - 0-9,790	- 9,791-13,700
9 - 0-10,550	- 10,551-14,770
10 - 0-11,310	- 11,311-15,840
11 - 0-12,060	- 12,061-16,890
12 - 0-12,810	- 12,811-17,940

Each Additional Family Member - \$750 - \$3,050

Children from families whose income is at or below those shown are eligible for free meals, free milk and/or reduced-price meals. In addition, families not meeting this criteria but with other unusual expenses due to unusual medical expenses, shelter costs in excess of 10 percent of income, special education expenses due to the mental or physical condition of a child, and disaster or casualty losses are urged to apply.

They may do so by completing the application forms sent to each school by the parents. Additional copies are available at the principal's office in each school. The information provided on the application will be confidential and will be used only for the purpose of determining eligibility. Applications may be submitted any time during the school year.

It is certain cases foster children are also eligible for these benefits. If a family has such children living with them and wishes to apply for such meals for them, they should contact the school.

If a parent is dissatisfied with the ruling of the official, he or she may wish to discuss it in more detail with that official. If a parent wishes to review the ruling further, after discussing it with the school, he has a right to a fair hearing. This can be done by making a request either orally or in writing to Mr. J. H. Baker, Supt. of Education whose address is P.O. Drawer D, Elba, Alabama 36323. Hearing procedures are outlined in the policy.

A complete copy of the policy is on file in each school and in the office of the Coffee County Board of Education. Policy may be reviewed by any interested party.

Foley Urges Ticket Pick-up

Mr. Lamar Foley, principal of Elba High School, noted this week that a number of people have not picked up their season tickets at the school office. Foley urged all wanting their reserve seats to get them before they are sold to other citizens.

ASC Group Attends Biloxi Meeting

This picture shows the Coffee County delegation to the Regional meeting of the National Association of Soil and Water Conservation District Supervisors in Biloxi, Mississippi. Those attending were: Mr. and Mrs. Robert

Mrs. Jacobs Honored At Rucker

Mrs. Carrie S. Jacobs of Elba, Ala., is the Civil Service Employee of the Year at Ft. Rucker.

A management analyst for the Directorate of Facilities Engineering, Mrs. Jacobs is the first woman to receive the employee-of-the-year

title in the 10 years it has been awarded at the Army Aviation Center.

"I am very honored to have been selected. I don't know why I was, really, but the main thing this means to me is the responsibility as a representative of the women employees on post. And that is a duty she does not take lightly, since she is Rucker's coordinator for the Federal Women's Program."

"Perhaps my selection will prove that we as women can get recognition if we are willing to work for it," Mrs. Jacobs stated.

She started the work that has led to her present honor in 1954 when she entered Federal service at Ft. Rucker. She was with the Transportation Section for two years, with Post Engineers (now DFE) for 10 years, with the "controller's" Office for eight years, and she has been on her present job since July 1974. Mrs. Jacobs strengthened her qualifications by attending college at night for four years. She received her Bachelor of Science Degree from the post branch of Troy State University in 1971, which is no mean feat for a full-time employee and the mother of 7 children. The nomination submitted on her part for the year states, "Mrs. Jacobs is outstanding as a management analyst and is one of the most knowledgeable people at this installation concerning the Defense Integrated Management Engineering System. Due to her applied knowledge and years of experience, she is able to recognize areas where improvement and manpower utilization are needed. She recommends solutions and outlines implementing procedures."

In addition to her professional ability, Mrs. Jacobs was recognized for her personal attributes of integrity and dedication. Those are represented by her work in the First Baptist Church of Elba where she has been active in some phase of Christian education for 30 years. She now teaches a women's Bible class on Sunday mornings and works with young children in the church's evening training program.

Mrs. Jacobs is a member of the Business and Professional Women's Club and the Pilot Club of Elba.

F.W. Wood Named To Get National Honor

F.W. Wood, vocational agricultural instructor and FFA Advisor at Kinston High School, has been nominated to receive the FFA's Honorary American Farmer Degree. Wood was nominated for the degree by the Alabama FFA Association and the nomination was approved by the National FFA Board of Directors which recently met in Alexandria, Virginia. The Honorary American Farmer Degree is the highest honorary degree presented by the FFA. This year 92 teachers of vocational agriculture have been nominated to receive the degree during the National FFA Convention in Kansas City, Missouri. Wood has been a vocational agriculture teacher at Kinston for 22 years. During that time he had four students who earned the Honorary American Farmer Degree, 65 students who received the State Farmer Degree.

Each year at least 50 of the 11,500 teachers of vocational agriculture in the nation are awarded the Honorary American Farmer Degree. The degree is awarded on the basis of points scored by a teacher for his accomplishments as a vocational agriculture instructor, FFA Advisor, and as a participant in professional vocational agriculture teachers' organizations.

Teachers are awarded points for each student they supervised in earning state and national FFA awards. Teachers also receive points for serving as officers and committee members of the National Vocational Agriculture Teachers' Association and for their participation in national meetings of the FFA and other professional associations.

F.W. Wood is one of four vocational agriculture teachers from Alabama to be nominated for the Honorary American Farmer Degree this year. He plans to attend the National FFA Convention in Kansas City, Missouri, on November 11-14 where he will be presented the degree pending final approval of the nomination by the student FFA delegates who must vote on all honorary presentations of the National FFA Organization. The degree is presented during the Thursday afternoon session of the Convention.

COLORED INK

POOR ORIGINAL

BRAINSTORMS

With Ferrin Cox

The new visitor seating at the football field will not be ready by this Friday night when Elba plays host to Florida. However, this is not because of people not trying. There has been a real strong effort by everyone concerned to get this done before the first game -- but getting a late start, rain, rain, rain, and the fact that one job must wait until the other is finished -- all combined to push the setting of the seats until Monday morning of next week. However, when the seats are finished, our visitors will have as good a seat as the local citizens.

Looking at a list of the Elba streets that need repair last week left me with the impression that what I was seeing was a list of every street in the city of Elba. City Clerk Jack Prescott was asked by the council to compile the list, which he did and presented it at the last meeting. The next quest was for him to revise the list with the first priority streets on top, etc. Well, I agree Jack is a smart fellow and works hard, but if there are 100 streets in town, there are people that truly believe that each one of these streets is the most important one in town. It will be interesting to see Jack's list and watch as each councilman injects his own ideas and then compare the end results with the first list. Now, this is not intended to be a laugh at their deliberations -- only as sympathy over the problems, cause you or I would react exactly the same way!

I sure get impatient when I take my children to school and get in a line of cars unloading. It seems to me that they get parents re-dress their children three times after they get the car door open to all news reports. Representative Jimmy Holley did us some money at the last minute and the worst is the parent who simply switches off the engine and sits right in the planned traffic lane. I know that neither I nor anyone else will ever change some of these folks, so the best thing for me to do is get to the school buildings before the person arrives who is holding up the others almost every day.

I have been saying for several weeks that we were better off when our legislature was not in session. This week they are taking some days off and we are safe a little longer. According to all news reports, Representative Jimmy Holley did us some money at the last minute and the worst is the parent who simply switches off the engine and sits right in the planned traffic lane. I know that neither I nor anyone else will ever change some of these folks, so the best thing for me to do is get to the school buildings before the person arrives who is holding up the others almost every day.

I have been saying for several weeks that we were better off when our legislature was not in session. This week they are taking some days off and we are safe a little longer. According to all news reports, Representative Jimmy Holley did us some money at the last minute and the worst is the parent who simply switches off the engine and sits right in the planned traffic lane. I know that neither I nor anyone else will ever change some of these folks, so the best thing for me to do is get to the school buildings before the person arrives who is holding up the others almost every day.

We received several letters and phone calls encouraging us to attend a dinner at the Lt. Governor's Conference down at Gulf Shores this week, but couldn't get away from the treadmill. Maybe that is better, because knowing my luck, I would have been forced to use the "blue and grey" last service, the word used by the State Troopers for hauling folks around. When I started to be critical of state officials for taking advantage of the taxpayers, someone would have reminded me of my sins.

By the way, the City of New Brockton police how how to write speeding tickets to people late for meetings -- I can speak from personal experience. But they smile and talk nicely while doing it, if that will help your feelings. If not, the suggestion is -- heed the signs.

I would like to comment from time to time about Mr. Kissinger's handling of our international affairs, but it upsets me to even think about his antics.

WOODSY OWL FOR NATURAL BEAUTY!

We just can't depend on the other guy to keep our outdoors beautiful. It's up to each and every one of us to prevent sight pollution and to make America a better place to live. For ways you can help, send for Woodsy Owl's anti-pollution Forest Service. It's yours free when you write Woodsy Owl, Forest Service, U.S.A., Washington, D.C. 20250.

AROUND ALABAMA

Ruthy Folson Austin

DONAHUE, DEATH, SADDENS BAMA FANS

I sat with Mark Donahue

the day after he made his

abrupt attempt to break the

AIMS record at Talladega. He

had come to the governor's

manion along with seven am-

bassadors and a host of other

dignitaries. He was a quiet

polite young man and hardly

fit the description of a robust

race car driver. Now he is

gone. We shall miss him.

POINT FOUR AT POINT CLEAR

There is a great antici-

pation on my part in meeting with

Vice President Nelson Rockefeller

again. During the last part

of the Truman administration

I had the privilege of seeing

him each day at the State

Department, when he was

serving in the Point Four Pro-

gram.

My job was to service the

diplomatic pouch department

and keep track of our oper-

ative across the world and

Mr. Rockefeller's job cent-

ered mostly on South America.

We're glad to welcome him

to Alabama and Point Clear,

for the Lieutenant Governor's

Conference.

FOLSON RECOVERY

PRAYERS OF OTHERS HAVE

BEEN ANSWERED

I am happy to report!

that my mother, James, spent

a week recuperating at Gulf

Shores last summer. The gov-

ernor's summer cottage,

courtesy of Gov. George C.

Wallace, and my daughter

Cornelia.

LADY BIRD HAS ALABAMA

COUSINS

Former first lady, Lady

Bird Johnson, during a visit

to Tuscaloosa and Wetumpka

last week caused such a stir

as an uninvited star.

It seems that after con-

cluding business in Tuscaloosa,

G. had the signs.

SENATOR SPARKMAN ANSWERS QUESTIONS

DEAR SENATOR SPARKMAN:

I am living on a fixed income

and as such I find inflation to

be my number one problem.

It would be fruitless, I know,

to detail for you the personal

hardships I suffer because of the

present state of our econ-

omy. However, I would like to

know if there is any relief

in sight for individuals living

on fixed incomes. A. L. Mont-

gomery

SPARKMAN: I realize that the

inflation and the resulting rise

in the cost of living are two fac-

tors adverse to all persons with

fixed incomes. I am most con-

vinced that the Federal Penitenti-

ary at Leavenworth has developed

a program producing military style

combat boots in direct com-

petition with private industry.

It seems wrong to me that con-

vict labor should be permitted

to be in direct competition

with civilian labor, and I am

glad that the result could be

the loss of hundreds of civilian

jobs. J.C. Huntville

SPARKMAN: I, too, am con-

cerned about this and I have

already expressed my oppo-

sition in a letter to Attorney

General Edward Levi and to

the Director, U.S. Bureau of

Prisons. Certainly it is my

hope that they will respond

favorably.

DEAR SENATOR SPARKMAN:

I am very strongly opposed to

The proposal is also drawing editorial comment on a variety

of side issues all turning the spotlight on teachers.

So we'll comment too.

We respect and admire most teachers. We think that most of

them deserve the higher salaries they are getting and the

raises that are coming their way. We think most of them need

the summer vacation that they have away from too-big

classrooms.

And we don't think it too unusual that they keep wanting more.

We do think it is time that they began to cut out their own

deadwood. We think it is past time that they did something

about the tenure law so that ineptitude, inefficient and just

plain lazy teachers can go the way of all employees who don't

measure up -- without having to fight it through the courts.

COFFEE
NEWS & CHAT

By Sara E. Hutchinson

SPITTLEBUGS may be the cause of your grass turning yellow in areas. Eventually, if they are not controlled, the grass will die. I made a couple of home visits this week where spittlebugs were found. If you see a little black bug with a red/orange stripe on its back jumping around in your yard, then you can be sure it is a spittlebug. Here is what you need to do.

Use one of these control methods, seven, malathion or methoxychlor. Be sure to check the label and follow the directions. To get color back into the lawn, use liquid iron.

SOAP FOR FINGERNAILS Working in a garden can certainly cause fingernails to become discolored. To get them back to normal, use a bar of soap before starting. Soap keeps the dirt out and cleans up easier. Try this before heavy housework.

GREENS—turnips, mustard, collards, cabbage, broccoli, etc.—are now growing in many gardens. Or at least they should be. But you should be on the lookout for worms that will quickly destroy your greens if you don't do something to control them.

The control material is actually a bacterial disease organism that infects the worms but is harmless to people. It's sold under these trademarks: Dipel, Thuricide and Biorzol. Be sure to follow all label instructions when using any of these materials.

ENERGY SAVING TIP Several dishwashers on the market today are called "energy savers" because they have a feature that automatic-

OVER-HEADFourteenth Annual
Festival To Be Held

Wup. What happened to the faithful three?

Ninety-seven of the one hundred folk-artists at the Festival of the Arts, held at the Elba High School, will be back for the 14th annual Folk Festival October 4-5.

What happened to the other three?

The Blacksmith from Hendersonville, Tennessee burned his hammer hand with a red-hot poker, then got it infected. A candlemaker from Milledgeville, Georgia, sells all the candles he can produce by mail-order. And a rail duffer from Wilkesboro, Georgia, must have forgotten how to write.

But the healthy 97 are getting ready. Veston and Sarah Hyatt already have an acre of sorghum.

But don't cut out the drying cycle, if someone in your home has a cold or infectious disease. The heat of the drying cycle, along with the hot water and detergent, sanitizes the dishes and helps prevent the spread of germs.

Tom Casaday, County Extension Chairman

SPORTSMANSHIP Marty Flowers of the Zion Chapel Community is one of my favorite 4-H club boys. I believe Marty will be a junior this year at the Zion Chapel High School. He has been in the beef calf program for several years. He also has a horse and is intensely interested in horses.

A few days ago Marty entered his horse in the State 4-H Horse Show in Montgomery. He was all set to compete with his favorite horse, and he was disqualified from the show. Marty was just crushed over the loss. He took it in stride, and told 4-H Club agent Dan Presley that from now on he would keep a close check on the rules for the Horse Show.

In addition to horses, Marty and his brother Ryan will participate in the Coffee County Beef Calf Show next spring.

TURF GRASS SHORTCOURSE. I am planning to attend a special turf grass disease program in Auburn the afternoon of September 4 and the morning of September 5. They have a number of professionals who will be discussing ways to prevent diseases in lawns and also how to control them.

If you are interested in attending the shortcourse, you would like the handout material, get in touch with me. We get over a thousand calls a year on lawn diseases. I want to learn more so that I will be able to help the people in this county have beautiful lawns.

Incidentally, those of you who have diseased lawns can get help through our office. We can send a strip of turf about 4 inches wide and 12 inches long to our plant pathologist Dr. Luther Farrar at Auburn. Six inches of the turf should come from a dead area and

Very few places in Coffee County are out of sight of power lines. Almost all of our buildings and homes are served with electrical power. In fact, these lines are so common place we tend to take them for granted. I imagine crop dusters they are aware of the mechanical dangers of the wires. A few weeks back a 15-year-old boy in another county was handling a piece of light irrigation line. The pipes are 3-4 inches in diameter and several feet long. In his carelessness, he let the end of the pipe touch a power line, and he was killed instantly. Another fellow was unloading gravel from a dumping trailer. When he stepped out of the cab to see why the trailer was not operating right, he was hit with 5,000 volts from the overhead power lines.

I am mentioning this because a lot of our peanut combines in certain circumstances can come in contact with power lines. Let's do everything we possibly can to have a safe harvest season in Coffee County.

McDaniel Completes Driver Course

Army Private Anthony C. McDaniel, Jr., son of Mr. and Mrs. Clinton McDaniel, Route 3, Elba, Alabama, completed a driver course in Ft. Leonard Wood, Mo.

He was trained in the operation and maintenance of military vehicles.

In 1775, the average household had six members, according to an article in the *Morgan Quarterly Survey*. Today the average has dropped to three.

lost your Social Security card? You can get a duplicate by notifying any Social Security office, which should be done as soon as possible. Generally this can be handled by mail.

You can get a duplicate faster if you've kept a record of your Social Security number, and give it when you report the loss. The duplicate card will have the same number as the original. Your Social Security number is yours alone and remains the same for life.

Earnings from jobs covered by Social Security are credited to your Social Security number to build retirement, disability, survivors and Medicare protection for yourself and your family. If you ever lose or misplace your card, apply for a duplicate immediately.

NEWS from your PHARMACIST
Kris Scarborough

How many lives were saved last year by the use of penicillin? A million? Two million? Who is credited with the discovery of penicillin? The British physician Sir Alexander Fleming. He discovered the wonder drug in 1928 while working in a bacteriology lab at St. Mary's Hospital, London.

However, it was not until 1929 that penicillin was used effectively in the treatment of a group of Oxford pathologists under the direction of Sir Howard W. Florey made further advances with penicillin.

Mr. Fleming was knighted for his work by the king in 1944. Now, our pharmacists aren't only knights of the round table, but we make such an effort to serve you that you would think that you are a king.

Patricia Clark
Completes
Internship

Patricia Clark, daughter of Dr. and Mrs. James Clark, has completed her year of internship in medical technology at Sacred Heart Hospital, Pensacola, Florida. Her BS was received from Troy State University in May.

While at Troy she was elected Phi Mu and Student Affiliate of the American Chemical Society, and marched as a majorette with the "Sound of the South" Band.

Patricia will be employed by Flowers Hospital in Dothan, beginning in September.

Theresa Wilson Receives Scholarship

Theresa Kay Wilson, a recent graduate of Zion Chapel High School, is the recipient of a George C. Wallace Leadership Scholarship at Troy State University.

The announcement was made August 21 by TSU President Dr. Ralph Adams.

The daughter of Mr. and Mrs. Rufus R. Wilson, she was Salutatorian of her graduating class at Zion Chapel High School.

We are pleased to award to Theresa a George C. Wallace Leadership Scholarship. Dr. Adams said, "We are constantly looking for the truly outstanding young students to be a part of our great university."

The daughter of Mr. and Mrs. Comer R. Henderson, she was Salutatorian of her graduating class and on the yearbook staff at Elba High School.

"We are pleased to award to Deborah a George C. Wallace Academic Scholarship," Dr. Adams said. "We are constantly looking for the truly outstanding young students to be a part of our great university."

Deborah Henderson, a recent graduate of Elba High School, is the recipient of a George C. Wallace Academic Scholarship at Troy State University.

The announcement was made August 18 by TSU President Dr. Ralph Adams.

The daughter of Mr. and Mrs. Comer R. Henderson, she was Salutatorian of her graduating class and on the yearbook staff at Elba High School.

"We are pleased to award to Deborah a George C. Wallace Academic Scholarship," Dr. Adams said. "We are constantly looking for the truly outstanding young students to be a part of our great university."

Cindy Crosby
Begins Jr. Year
At Montevallo

Cindy Crosby, a 1974 graduate of Elba High School, began her Jr. year of College at Montevallo College in Montevallo, Alabama the 25th of August.

Cindy finished her freshman and sophomore years at Enterprise State Jr. College. While there she received a certificate of Merit in the music field. Her Major at Montevallo will be in Music.

While at Enterprise State she was a staff writer on the College paper, "The Weevil Eye," and Pianist for the College singing group, "The Singers," under the direction of Dr. Robert Bicknell.

Safety Director Urges Caution During School

Jeffery Johnson, second grader at Elba Elementary School, had an accident playing on playground equipment. The accident occurred on Tuesday, August 26, while he was playing on a tunnel slide. He went down head first and hit the cement at the bottom.

Jeffery is the son of Mr. and Mrs. Johnson. He is 6 years old and is in the 2nd grade.

English, Parker On Dean's List At Alabama

A total of 514 students enrolled in the Summer semester at the University of Alabama made records of between 2.5 (B plus) and 3.0 (A). Dr. J. E. Mickler, executive director of Enrollment Services, announced today. Of these, 200 more than all other years.

The Dean's List recognizes undergraduate students who enroll for a full course load and does not apply to graduate students who take less than a full course load.

Among those on the Dean's List are: Paul English of Elba, and Mark L. Parker of New Brockton.

County Has 5 Grid Teams

Football fever has swept across Coffee County. In 1973 the county had three prep football teams - Enterprise, Elba and Zion Chapel. Last year the bug bit in New Brockton, and the number of teams was up to four. This year, the fever hit Kinston, and now every high school in Coffee County has a football team.

Kinston has been a basketball powerhouse for several years, and the word was that if a sport didn't use a round ball (basketball, baseball, pool, etc.), the people in Kinston couldn't play it. However, the people have apparently decided to prove the jokers wrong.

I hope the people in Kinston don't expect the Bulldogs footballers to achieve immediate success. The process of building a good football team takes many years of teaching fundamentals and building a tradition and pride in the sport among the players and the student body.

New Brockton suffered through many low moments in their initial season last year, and Kinston will get roughed up quite a bit this year due to the obvious lack of experience.

The Bulldogs have an excellent coach in Jerry Brown, and should develop quickly under his able leadership.

The Bulldogs season begins tonight (Thursday) at Dozier, and next week they tangle with 2A powerhouse Cottonwood. Other toughies on the Kinston schedule are Clilo, Brantley and Zion Chapel.

I wish Coach Brown and his team the best of luck during their inaugural season, but I'm afraid that they're going to need all they can get!

Ellenburg Wins Softball Tourney

Ellenburg Construction Company of Dothan blasted Elba Motor Company 16-2 early Sunday morning to win the Elba slow-pitch softball tournament.

Only a handful of die-hard softball fans were on hand to see the Ellensburg team combine nine hits with nine Elba Motor errors in breezing to the win. The game ended at 1:52 a.m. Sunday morning, and climaxed nearly 17 consecutive hours of softball action at the Legion Field.

The tourney opened Friday night with Shirley Ford of Troy dumping McArthur Tech of Opp 10-3. The night's second game saw the all-Americans from Oakark edge Dewberry Laundromat of Elba 15-13, while in the nightcap, Ellensburg disposed of the Brantley National Guard 11-3.

Saturday's action began with Elba Motor Company pounding Circle Arco of Dothan 9-3.

Smith Featured At Clemson

I received the 1975 Clemson football brochure in the mail last week, and one of the eight players featured in a special section was Elba's own Dennis Smith.

Dennis, a 6-0, 166-pound defensive back, graduated from Elba High School in 1971. While playing with the Tigers, Dennis started for three consecutive years, and was named All-SAC both as a junior and senior.

After spending a freshman year at split receiver, Dennis played a reserve role to All-ACC safety Peanut Martin's sophomore season, and it looked like he would again pace the sidelines last year. However, Martin was injured in Clemson's second game, and Dennis stepped in and turned in a stellar performance.

Smith picked off six interceptions during the season to lead the Atlantic Coast Conference. Clemson Coach Red Parker said that Dennis was "the most improved player on the team in 1974."

The brochure hinted that Dennis might be moved from safety as a senior but should still rank as one of the league's best in 1975.

Clemson will play Alabama on September 20 in Tuscaloosa, so why not plan on going up to see Dennis in action against the Crimson Tide.

Tigers Face Tough Opener

When Elba announced that they had picked up Florida for the season opener, many fans felt it meant the Tigers would open up with a breather. However, Florida is anything but a pushover. The Wildcats have been in the State playoffs the past two years, and many feel this year's team will make it three-in-a-row.

I haven't seen the Tigers practice much, but they look awfully small, especially in the line. Coach Bass told me that he hopes the line's quickness will offset their weight disadvantage. The biggest offensive lineman weighs only 172 pounds, which means that the Florida line will out-weigh Elba's by about 25 pounds per man.

The Elba backfield has three runners with breakaway speed in Larry Phillips, James Smith and Jimmy Marson, and has two hard-hitting backs in Win Westbrook and Bruce Donaldson. Russ Cash and Max Fuller return at quarterback, and should combine to give the Tigers a potent 1-2 punch.

The Tiger offense seems very capable of putting points on the board, if the line can do their job.

Defensively, the Tigers' quickness should be an added asset. If the forward wall can contain the opponent's inside running game, Elba's defense could develop into a powerful unit.

The key to the Florida game might be the play of the receivers (10, 11, 12), while Florida only has 22 players in their top three classes.

If the hot weather continues, the team with the most energy left late in the game could put some points on the board in the final quarter and pull out the victory.

Pigskin Pickins

Well, it's that time of the year again to polish up the ole crystal ball and predict the outcome of each week's high school football games. Last year the ball's reception was a little fuzzy early in the year, but it cleared up and ended up hitting nearly 80% of its picks.

I checked the ball out over the weekend, and the signal was coming in loud and clear. Here's what it says for this week's games.

ELBA vs. FLORIDA - The Tigers haven't won an opening game in two years. Florida will provide a strong challenge, but Elba will pull out a narrow victory.

Elba 19 Florida 14

DOZIER vs. KINSTON - The Bulldogs make history tonight when they kick off their first season ever. Dozier is no powerhouse, but they should cruise past Kinston.

Dozier 12 Kinston 0

NEW BROCKTON vs. ZION CHAPEL - This game will mark the first in a long rivalry between the cross-county schools. The Rebels will have trouble against the inspired Gamecocks, but should manage to claim the win.

Zion Chapel 13 New Brockton 8

ANDALUSIA vs. LUVERNE - Andy has been the class of the SAC the past two years, and will have no problem in downing the outcasted Tigers.

Andalusia 27 Luverne 0

OPP vs. HEADLAND - The Bobcats enjoyed a winning season in '74, and should start off 1975 with a bang.

Opp 20 Headland 12

Lee 21 - Lanier 13
Homewood 21 - Jess Lanier 8
Carver 28 - Jeff Davis 6

Scouting Report

FLORIDA WILDCATS

"They're big, bad and tough!" Those were the words of Elba coach Paul Bass when asked about Florida.

The Florida line averages over 200 pounds per man, while their running backs average nearly 185 lbs. Using these figures, the Florida line will outweigh Elba's approximately 30 pounds a man.

"There is no doubt that we'll have to rely on our quickness to offset the weight difference," said Bass. "We're young and inexperienced in the line, but we hope our aggressiveness will make up for our lack of experience."

The Wildcats have both quarterbacks returning, which should stabilize the Florida offense.

The key man in the Florida attack is Jeffrey Owens. Owens will play quarterback, fullback, wide receiver, line-backer, defensive back, and will also handle the kicking chores. "It's obvious that Owens will always be around the ball," warned Bass.

Florida's running game is aided by the power of big John Anthony. Anthony, the Wildcats' fullback, tips the scales at over 200 lbs., and is a tough man to stop on short yardage situations.

In a conversation with Elba coach Paul Bass, the Tiger mentor reported that Florida runs basically the same thing they did in the jamboree. They threw a lot more last year," said Bass, "and with both quarterbacks returning they should be better this year."

Bass remarked that the Wildcats don't have a lot of depth, and is hoping that conditioning becomes a factor.

In closing, Bass said, "They are tough, but I think we'll be ready for them."

New Brockton Much Improved From '74

As the New Brockton Gamecocks finalize plans for their second football season, head coach Mickey McCollough reports that the team is much improved over last year's team, but still has a long way to go.

The Gamecocks return 17 lettermen from last year's 2-6 team, including 5 starters on offense and 4 on defense.

"We only have 26 boys out for football," said McCollough, "so the hot weather may affect our play to some extent."

Among the offensive returnees are quarterback Larry Russell, running back Doug Hollis and linemen Mike Donaldson and Eddie Harris. The list of defensive starters returning includes Raymond Hart, Ed McDaniel and Tommy Adams.

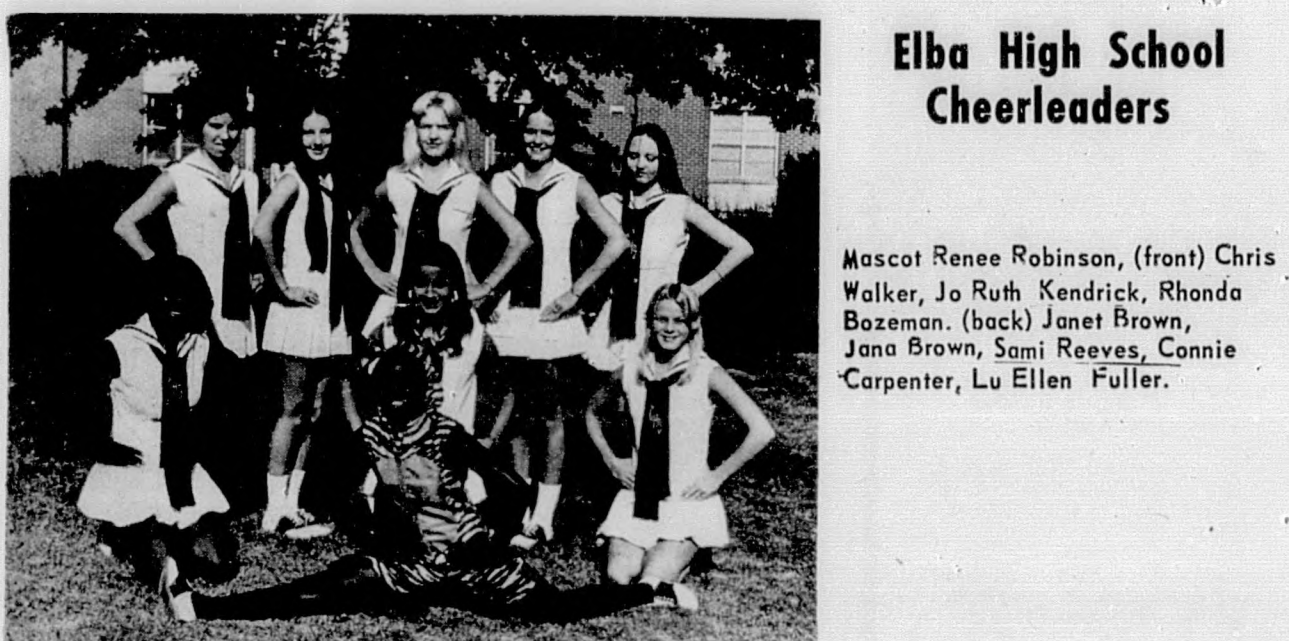

The attitude of the players and students at New Brockton High School seemed to have Coach McCollough puzzled. "The attitude among the players is lachrymose," said McCollough. "They'd rather work or stay home than play ball."

"We were hoping for a good season," he continued, "but due to the lack of interest we might be in for a hard year."

Coach McCollough added that the interest among the students has seemed to subside. "I guess the newness wore off," pondered McCollough.

Turning to the upcoming season, McCollough said that the Gamecock griders will be sound fundamentally, and will be more oriented to football. The Gamecock coach seemed to think that their offense is much further along than the defense, and added "to win against Zion Chapel our defense must improve and play good ball."

In closing, McCollough said "We do have some bleachers, but if you do plan on coming, I'd urge you to bring your lawn chairs!"

Kinston Faces Tough Grid Schedule

KINSTON HIGH SCHOOL FOOTBALL SCHEDULE

Aug. 26 Dozier -- Dozier
Sept. 3 Cottonwood - At Cotw'd
Sept. 12 Louisville - Louisville
Sept. 17 Randolph - McKenzie
Sept. 27 Randolph -- Opp
Oct. 3 Clio -- Elba
Oct. 10 Pensacola L.A. Pen.
Oct. 18 Brantley -- Opp
Oct. 24 Zion Chapel - Z.C.
Oct. 31 New Brock - New Br.

The Kinston High School Bulldogs face a schedule that would prove challenging to any Class A football team in the state. To make matters worse, this is the first year that Kinston has ever fielded a football team, which means that the Bulldogs must face the schedule with players who have never played before. However, head coach Jerry Brown reports that his squad is working hard, and have come a long way.

Brown has coached the past two years at Greensboro, Fla., where he also started a football program. Brown expects the Greensboro team posted a 6-3-1 record, so Brown must know what he's doing.

"We've got a lot to learn," said Brown in an interview with the CLIPPER, "but the boys have a real good attitude and hard working attitude. I feel that we've come farther in the past three weeks than Greensboro did prior to their opening season."

Brown praised the play of his two quarterbacks, Jeff Weeks and Jeff Parker, saying the pair have the desire and potential to be good ballplayers. Both quarterbacks are juniors.

"We have two good, young running backs in Randy Parker and Max Farris," added Brown. "Randy and Max are only juniors, and they have the potential to be good runners as they gain experience." Two other backs drawing praise from Brown were Steve Weeks and Winston Caldwell, both freshmen.

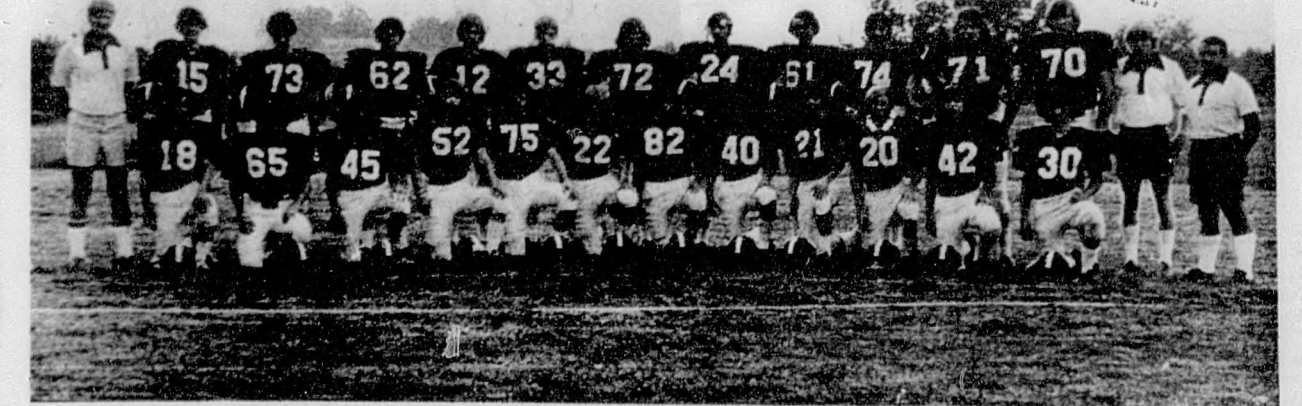

"Probably our best athlete is Phillip McKinney," said Brown, "who will start at wide receiver and defensive end." The Bulldogs' biggest player is Tramel Perry, who tips the scales at 250 lbs.

"We've only got three seniors on the team," remarked Brown, "but they've shown good leadership. The senior players are Terry Carnley, Kenneth Ward and Tommy Taylor. Other players Brown reported as looking good are Donny Chambers, Larry Taylor and Tommy Holley.

"One boy who'll be good is he's anything like his father was is tenth-grader Harry Jacobs, Jr.," said Brown. "Harry's showing good potential, and we hope he'll make us a fine one."

Jerry reported that it's easier to put in a defense than an offense, but expects the offense to catch up once the season starts.

In closing, Brown said, "We know that with our schedule we're in for a tough year, but we'll be primarily getting ready for next year anyway."

Zion Chapel Faces Rebuilding Year

It's a hard act to follow. What do you do for an encore after going 12-1 and finishing second in the state?

You go back to work and build a foundation for a future venture back into the state play-offs.

As Zion Chapel begins defense of its SCAC title, it seems unlikely that the Rebels have the returning power to pose a serious threat for the title in 1975.

The Rebels' main offensive weapon last year, Willie "let" Moutry, returns to haunt opposing defenses. Moutry, a 5-4, 165-pound fireplug, rushed for over 1000 yards last season, and the speedy scatback could be the key to the Rebels' success in 1975.

Tim Sanders, a defensive back last season, will step in at quarterback, and is expected to prove to be a most capable field general. Earl Inright played defensive tackle last year, but this season finds the 185-pound senior playing fullback.

The only Rebel who will return in the same position as Tracy Deal, who goes both ways at the tackle position. When quarterback Sanders goes to the airways, his primary target will be Randolph Moutry, who has moved over to the offense from the defensive secondary.

Other returning lettermen are Randy Grant (160) at tackle, Jimmy Lamberth (141) at guard, Paul Nelson (130) at end and Ricky Turner (145) at tackle.

Players returning from last year who didn't start are Thomas Arnold (145) tackle, Marty Flowers (120) end, Larry Green (228) center, Kenneth McLendon (141) tackle, Ray Smith (122) guard, Tim Wambles (132) back, Herman Ziglar (130) guard, Larry Pearson (122) back and Billy Flowers (120) back.

New players who might be worth watching for are Jesse James (202), Grady Quattlebaum (240) and Stanley Johnson.

In a recent interview with Zion Chapel coach John F. Hudson, the Rebel mentor said he expects the offense to be ahead of the defense in the first thing we do is try to find 11 good players to fill the defensive positions, and then we start filling in our defensive spots."

Hudson remarked that the main concern early was the lack of running backs, but now the coaches have moved so many linemen into the backfield that the new problem is a lack of linemen.

Coach Hudson added that he is expecting the Rebels to have a "good season," but said that "everybody will be after us because of our success last season." "I don't know what it is," said Hudson, "but it seems that everybody wants to beat us bad every year. Maybe it's because Zion Chapel is at the end of everything alphabetical-ly, and everyone feels they should be above us."

"The boys have a lot to live up to," challenged Hudson.

Football Schedule Zion Chapel H.S. Rebels
